(as at June 7, 2019)

This Honourable House is being requested to note that after the enactment of the Law Reform (Zones of Special Operations) (Special Security and Community Development Measures) Act, the Prime Minister on the advice of the National Security Council, declared the Denham Town Community as the second Zone of Special Operations (ZOSO).

The Zones of Special Operations (ZOSO) combine a robust security approach led by the Jamaica Constabulary Force (JCF) and the Jamaica Defence Force (JDF), and a Social Intervention Component that coordinates and implements social development measures by the various agencies, Non-Government Organizations (NGOs) and the private sector.

The Social Intervention Committee (SIC) is guided by a social intervention framework comprising seven development areas which focus on: Physical Environment, Land Tenure, Community Safety, Human and Community Development and Employment, Business and Economic Development, Spiritual and Faith Based Intervention and Leadership.

The Zone has been in the 'Build Phase' since March 2018. Since the ZOSO was first declared in Denham Town, over fourteen (14) targeted interventions have been completed, benefitting over 2,500 residents directly and indirectly out of 8,000 residents. These include health services, infrastructure upgrade, education-based interventions, youth development, behavior modification and entrepreneurship.

Significant works are also scheduled to be completed with respect to the transformation of the physical environment, including an expansion of the solid waste management programme and improvement to water and sewage infrastructure.

The Tables below provide an outline of the progress of the social intervention components in the Zone, as well as the various agencies that have marshalled or contributed to the delivery of the components, notably the following:
