The Law Reform (Zones of Special Operations) Special Security and Community Development Measures

Social Intervention Report

(as at December 3, 2020)

This Honourable House is being requested to note that after the enactment of the Law Reform (Zones of Special Operations) (Special Security and Community Development Measures) Act, the Prime Minister on the advice of the National Security Council, declared the Denham Town Community as the second Zone of Special Operations (ZOSO) on October 17, 2017.

The Zones of Special Operations (ZOSO) combine a robust security approach led by the Jamaica Constabulary Force (JCF) and Jamaica Defence Force (JDF), and Social Intervention Component (SIC) that coordinate and implement social development measures by the various agencies, Non-Governmental Organizations (NGOs) and the private sector.

The Social Intervention Committee (SIC) is guided by SIC framework comprising of seven development areas:

- Physical Environment;
- Land Tenure,
- Community Safety;
- Human and Community Development and Employment;
- Business and Economic Development;
- Spiritual and Faith Based Intervention; and
- Leadership.

The ZOSO is built around the approach of Clear, Hold and Build, which the latter is where long term institutions are developed within the community. Denham Town has been in the Build Phase since March 2018. Since the ZOSO was declared in Denham Town, over Thirty (30) unique social intervention initiatives have been completed, benefitting over 2,500 residents

directly and over 8,000 residents indirectly. These include health services, infrastructure upgrade, educational based interventions, youth development, behavior modification and entrepreneurship.

Among the major achievements in Denham Town since the ZOSO has been in place are:

- Over J\$ 300 million has been invested by the GOJ in the physical infrastructure (Roads, Solid Waste Systems and Water).
- Significant investments in a suite of livelihood development programmes inclusive of parenting support, Skills training in areas such as the Blue Economy, and Entrepreneurship that have benefitted over 250 individuals in the community.
- Improvement in citizen participation is safety and security initiatives including a curfew monitor programme and capacity building of youth clubs.

The cumulative value of the investments to date is in excess of J\$300M which is largely funded through the World Bank Integrated Development Programme.

The Denham Town ZOSO has been operational for over three years, following its declaration on October 17, 2017. The Social Intervention support, which was coordinated by the gazetted Social Intervention Committee saw social programmes that focused on two key strategies: Crime Prevention Through Social Development (CPTSD) and Crime Prevention Through Environmental Design (CPTED). A key objective of the interventions and programmes was to ensure the community was reconnected to the key agencies of government that deliver each programme thus engendering sustainability and credibility among the citizens that their government is the legitimate provider of support services.

The Tables below provide an outline of the progress of the social intervention components in the Zone, as well as the various agencies that have marshalled or contributed to the delivery of the components, notably the following:

The Jamaica Social Investment Fund (JSIF)
The Registrar General's Department (RGD)
The Social Development Commission (SDC)
The Jamaica Constabulary Force (JCF)
The Jamaica Defence Force (JDF)
Denham Town Community Development Centre (CDC)
The Ministry of Education, Youth and Information (MEYI)
The Ministry of National Security (MNS)

The Ministry of Labour and Social Security (MLSS)
The Ministry of Tourism
The HEART Trust/NSTA
The Housing Opportunity Production and Employment (HOPE) Programme
Peace Management Initiative
Fight for Peace
Denham Town Community Development Centre (CDC)
J. Wray & Nephew

In light of the COVID-19 pandemic, ongoing activities and programmes in the space continue to be impacted.

The GOJ through the agencies has spent over J\$ 320 million implementing the suite of interventions and providing recurrent services in the community. These are captured in the following summary:
