

MINISTRY PAPER NO 51/2021

**The Law Reform (Zones of Special Operations) (Special Security
and Community Development Measures)**

**The Denham Town Community Zone
Social Intervention**

July 16, 2021

Office of the Prime Minister

The Law Reform (Zones of Special Operations) Special Security and Community Development Measures

Social Intervention Report

(as at July 16, 2021)

This Honourable House is being requested to note that after the enactment of the Law Reform (Zones of Special Operations) (Special Security and Community Development Measures) Act, the Prime Minister on the advice of the National Security Council, declared the Denham Town Community as the second Zone of Special Operations (ZOSO) on October 17, 2017.

The Zones of Special Operations (ZOSO) combine a robust security approach led by the Jamaica Constabulary Force (JCF) and Jamaica Defence Force (JDF), and Social Intervention Component (SIC) that coordinate and implement social development measures by the various agencies, Non-Governmental Organizations (NGOs) and the private sector.

The Social Intervention Committee (SIC) is guided by a cabinet approved SIC framework with seven development pillars:

- Physical Environment;
- Land Tenure,
- Community Safety;
- Human and Community Development and Employment;
- Business and Economic Development;
- Spiritual and Faith Based Intervention; and
- Leadership.

The ZOSO is built around the approach of Clear, Hold and Build, the latter where long-term institutions are developed within the community. Denham Town has been in the Build Phase since March 2018. Since the ZOSO was declared in Denham Town, over Thirty (30) unique social intervention initiatives have been completed, benefitting over 2,500 residents directly and over 8,000 residents indirectly. These include health services, infrastructure upgrade, educational based interventions, youth development, behavior modification and entrepreneurship.

Among the major achievements in Denham Town since the ZOSO has been in place are:

- Over J\$ 320 million has been invested by the GOJ in the physical infrastructure (Roads, Solid Waste Systems and Water) to date, with a further J\$100million to be invested over the next 12 months to further improve the physical outlay of the community.
- Livelihood development programmes inclusive of parenting support, Skills training in areas such as the Blue Economy, and Entrepreneurship have through direct training benefitted over 250 individuals in the community.
- Recurrent service delivery by key agencies including the NSWMA and other Government institutions has resulted in significant improvements in service delivery for services such as Garbage Collection and the provision of civil documentation.
- Improvement in citizen participation in safety and security initiatives including a curfew monitor programme and capacity building of youth clubs.
- Capacity building of the Community Development Committee (CDC), which has resulted in investments of over J\$20 million dollars being directly managed at the community level which creates greater job opportunities for residents, whilst increasing governance and accountability.
- Further infrastructure works to improve water and sewage delivery for Pink and Chestnut Lane which on completion will represent a further investment of J\$100 million in community transformation.
- A further 25 Community Environmental Wardens have been engaged since April 2021 and are supporting solid waste management and related mitigation activities in the community for the next 12 months.

The Denham Town ZOSO has been operational for over three years, following its declaration on October 17, 2017. The Social Intervention support, which was coordinated by the gazetted Social Intervention Committee saw social programmes that focused on two key strategies: Crime Prevention Through Social Development (CPTSD) and Crime Prevention Through Environmental Design (CPTED).

A key objective of the interventions and programmes was to ensure the community was reconnected to the key agencies of government that deliver each programme thus engendering sustainability and credibility among the citizens that their government is the legitimate provider of support services.

The Tables below provide an outline of the progress of the social intervention components in the Zone, as well as the various agencies that have marshalled or contributed to the delivery of the components, notably the following:

The Jamaica Social Investment Fund (JSIF)
The Registrar General's Department (RGD)
The Social Development Commission (SDC)
The Jamaica Constabulary Force (JCF)
The Jamaica Defence Force (JDF)
Denham Town Community Development Centre (CDC)
The Ministry of Education, Youth and Information (MOEYI)
The Ministry of National Security (MNS)
The Ministry of Labour and Social Security (MLSS)
The Ministry of Tourism
The HEART Trust/NSTA
The Housing Opportunity Production and Employment (HOPE) Programme
Peace Management Initiative
Fight for Peace
Denham Town Community Development Centre (CDC)
J. Wray & Nephew

The COVID-19 pandemic has continued to affect the level of activities and the number of interventions that are implemented in the zone. Works that require limited interaction, which largely support the physical transformation remain the main activities being implemented.

The GOJ through the various agencies has spent more than J\$400million implementing the suite of interventions and providing recurrent services in the community. These are captured in the following summary:

TABLE 1: INFRASTRUCTURE INTERVENTIONS IN THE ZONE

PROJECT	AGENCIES	# BENEFICIARIES	SCOPE OF ACTIVITIES	STATUS
Road, water, and Sewage etc.)	JSIF/NWA/NWC	Total population of 8,000 residents	<ul style="list-style-type: none"> ▪ 3 km of roadway ▪ 6.9 km of pipeline works. 	<p>Infrastructure works completed and water connections to households are ongoing with the NWC.</p> <p>Additional works along the Pink and Chestnut Lane have been tendered by the JSIF under the GOJ funded ICDP II Project and will result in over J\$100 million in additional pipeline and sewage works to being deployed. - Ongoing.</p>
