The Law Reform (Zones of Special Operations) Special Security and Community Development Measures

Social Intervention Report

(December 10, 2021)

This Honourable House is being requested to note that after the enactment of the Law Reform (Zones of Special Operations) (Special Security and Community Development Measures) Act, the Prime Minister on the advice of the National Security Council, declared the Denham Town Community as the second Zone of Special Operations (ZOSO) on October 17, 2017.

The Zones of Special Operations (ZOSO) combine a robust security approach led by the Jamaica Constabulary Force (JCF) and Jamaica Defence Force (JDF), and Social Intervention Component (SIC) that coordinate and implement social development measures by the various agencies, Non-Governmental Organizations (NGOs) and the private sector.

The Social Intervention Committee (SIC) is guided by a cabinet approved SIC framework with seven development pillars:

- Physical Environment.
- Land Tenure,
- Community Safety.
- Human and Community Development and Employment.
- Business and Economic Development.
- Spiritual and Faith Based Intervention; and
- Leadership.

The ZOSO is built around the approach of Clear, Hold and Build, the latter where long-term institutions are developed within the community. Denham Town has been in the Build Phase since March 2018. Since the ZOSO was declared in Denham Town, over thirty (30) unique social intervention initiatives have been completed, benefitting over 2,500 residents directly and over 8,000 residents indirectly. These include health services, infrastructure upgrade, educational based interventions, youth development, behavior modification and entrepreneurship.

SUMMARY OF MAJOR ACHIEVEMENTS IN DENHAM TOWN SINCE THE ZOSO HAS BEEN IN PLACE

1. Over J\$ 320 million has been invested by the GOJ in the physical infrastructure (Roads, Solid Waste Systems and Water) to date, with a further J\$100 million to be invested over the next 12 months to further improve the physical outlay of the community.
2. Livelihood Development Programmes inclusive of Parenting support, Skills training in areas such as the Blue Economy, and Entrepreneurship have through direct training benefitted over 250 individuals in the community.
3. Recurrent service delivery by key agencies including the NSWMA and other Government institutions has resulted in significant improvements in service delivery for services such as Garbage Collection and the provision of civil documentation.
4. Improvement in citizen participation in safety and security initiatives including a curfew monitor programme and capacity building of youth clubs.
5. Capacity building of the Community Development Committee (CDC), which has resulted in investments of over J\$20 million dollars being directly managed at the community level which creates greater job opportunities for residents, whilst increasing governance and accountability.
6. 25 Community Environmental Wardens received employment and were instrumental in supporting solid waste management and related mitigation activities in the community. The process is expected to continue with rotational employment up until March 2022.

The Denham Town ZOSO has been operational for over four (4) years, following its declaration on October 17, 2017. The Social Intervention support, which was coordinated by the gazetted Social Intervention Committee saw social programmes that focused on two key strategies: Crime Prevention Through Social Development (CPTSD) and Crime Prevention Through Environmental Design (CPTED).

A key objective of the interventions and programmes was to ensure the community was reconnected to the key agencies of government that deliver each programme thus engendering sustainability and credibility among the citizens that their government is the legitimate provider of support services.

The Tables below provide an outline of the progress of the social intervention components in the Zone, as well as the various agencies that have marshalled or contributed to the delivery of the components, notably the following:

The Jamaica Social Investment Fund (JSIF)
The Registrar General's Department (RGD)
